

To whom it may concern:

I benefit from listening to satellite radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. Please reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I demand and deserve. It is their right to broadcast as much as it is my right to hear it.

Thank you,  
Mike Krupp
